## KRUYER'S CHANCES ARE POOR

South Bend Man Declared to  
Have Little Chance For  
Job - Fogarty Surprises  
Politicians By Saying He  
Will Stick to Wardenship.

**TIMES BUREAU  
AT STATE CAPITAL.**  
Indianapolis, Ind., July 15.—It is practically settled, according to the best information at hand here, that Peter J. Kruyer, of South Bend, stands no chance of getting the appointment as warden of the prison at Michigan City. Ever since the resignation of Warden Fogarty was announced several days ago, there has been talk that Kruyer might be the man for the place, and a good sized boom was started for him, which gave promise of amounting to something. But somebody stuck a pin in the balloon and it has collapsed, or, at least, it looks that way. If Kruyer gets a job now he will have to content himself with the position of collector of internal revenue for the In-

(Continued on Page 3.)

## CROWN POINT BANKER BUYS ROAD BONDS

John Brown Takes \$40,000  
And \$37,500 Issues In  
Sale Yesterday.

(Special to THE TIMES.)  
Crown Point, July 15.—There were not enough takers for \$40,000 road bonds, one hundred thousand dollars worth of which were offered for sale in the office of County Treasurer "Cully" Swanson yesterday. John Brown of the First National bank of Crown Point, bought \$77,500 worth, taking two issues, one of \$37,500 and the other for \$40,000. The remainder is divided into six or seven issues, each piece of road being a separate bond issue. Lavene Bros. of Hammond have the \$37,500 road contract, and Neddi & Greenwald have the larger one. The bonds are of the ten-year 4 1/2 per cent interest bearing variety. The buyers under the law must pay for them, and it is for the contractor and the buyer to arrange the discount. Treasurer Swanson is holding the remainder of the \$100,000 not sold yesterday for sale.

## "MARRY ME" IS PLEA TO PORTOLA BEAUTY

Miss Emma de Velasco.

If proposals to marry may be counted as assets, it pays to be the winner of the Portola beauty contest. Miss Emma de Velasco is getting them by mail from all parts of the country. Her picture is to be used on posters to advertise the great California festival and she may have a lot more men to pick from ere long.

## STORM SENT AWE TO MANY HEARTS

Terrific Electrical Storm  
Unequalled For Ferocity  
Visits The County.

An electrical storm, the like of which Lake County had not witnessed for many months, raged for two hours and a half last night, starting about eight o'clock, and struck terror into faint hearts and caused considerable property damage. It is thought that the precipitation for the two hours was over an inch; at times the gale blew at the rate of fifty miles an hour. Although no reports were received early this morning about damage by lightning, it seems hardly believable that it did not strike somewhere in the county. In Hammond nearly three hundred telephones are reported out of order. One-third as many are reported out in East Chicago and Indiana Harbor. The lightning also struck the street and commercial electrical lights for short periods. The new Northern Indiana Gas and Electric plant was shut down temporarily, but in the meantime the "juice" was on from the old plant in Hammond. The wind was very strong in Hammond. At the corner of Truman and Oakley avenues, in front of Hobe Godfrey's residence it uprooted a good sized tree. Although the farmers were in no crying need for rain at the present time it will do more good than harm. The corn and the oats suffered to some extent, but the dry pastures are greatly benefited.

## ANNUAL REPORT PUBLISHED

The annual report of the Hammond city controller for the year ending Dec. 31st, 1912, is now in circulation, just a trifle more interesting than yesterday's newspaper in that it elucidates the following facts:

**THAT**  
The total receipts for the year were \$200,824.14  
The total disbursements for the year were 305,526.55  
Cash on hand at close of December was 42,297.97  
Any tax payer is entitled to one of the reports which are printed in book form. The report of all department heads, treasurer, controller, clerk, etc., is given in full. The feature of the annual is a chart which shows the improvements on each street in the city.

## COUNTRY CLUB ELECTS DIRECTORS

Officers Will Be Elected At  
Next Annual Meeting.

At the annual stockholders meeting of the Hammond Country Club held last night at the club house three directors were elected for the ensuing year. George W. Hannauer whose term expired was re-elected and the new directors chosen were Messrs. H. M. Johnson and P. A. Parry. At the next meeting of the directors in fall officers will be elected for the club's second year. A number of important matters relative to the interest of the organization were taken up and discussed.

## Indians Coming.

Tuesday night Hammond will be visited by a tribe of Indians. They will come from Chicago, from the "World in Chicago" not real, wild Indians, but Canadian young people representing Indians. One of the most popular sections in the great missionary exposition was the Indian booth. The participants have consented to come to Hammond and give their entertainment. It will be held in Baptist Hall in the Rimbach block and will be free to all. It is an educational program and will show Indian costumes and customs and portray the effect of the work of Christian missionaries.

## A. Mroz A Candidate.

Albert Mroz, a saloonkeeper in the Standard Steel car district located at the corner of Columbia avenue and Walter street today announces himself as a candidate for the democratic nomination of councilman of the sixth ward.

Mr. Mroz is a property owner in Hammond and East Chicago and has been a resident of Hammond for many years. He has a host of friends in the Standard district of all nationalities who have already promised him their support.

## Fire In Store Room.

Fire which had been smoldering since last night, broke out in a store room in the old G. H. Hammond company's building early this morning, causing a small damage of \$50. Fire departments No. 1 and 3 responded to the call and experienced but little difficulty in extinguishing the blaze. The blaze was confined to sacks of grain which had caught fire from an electric wire. Bishop and Company rent the building.

## BULL MOOSE PARTY TO RUN A BIG MAN

A \$25,000 dollar a year man will run on the Bull Moose ticket for mayor of Hammond if the official dopsters of the Brandenburg-Belman and Bruce organization are correct in their statements. He is to be a man of business acumen, who can engineer a progressive business administration free of political maneuverings.

A meeting of the progressive city central committee will be held Friday evening, and this advance information confirmed or corrected. Meanwhile the organization will be active and the triple democratic campaign given the first opposition of the campaign. Elmer Brandenburg, when asked if the prediction is true, stated: "I feel sure that the progressive party will enter a man of high position and affluence in the race for mayor. I will even say that he will be a business man with a large income and independent of politics. Yes, a man with a \$20,000 or \$25,000 a year income."

"It isn't a question of parties, but principles," said Mr. Brandenburg, in speaking of the campaign in general. "It is not good citizenship to condemn a party. What we want is a progressive administration, and we believe that the progressive party can provide one, a clean ticket of able men who will be above suspicion."

W. B. Belman, the banker and prominent Bull Moose, is in Michigan on his vacation, and will not return till the end of the week. The financier is motoring in company with his wife, and during his trip will visit relatives and friends. He may be back in time for the central city committee meeting.

## GARY DOCTORS MIX IN STREET FIGHT

Drs. Millstone and Hosmer  
Furnish City With A  
Big Sensation.

A bloody fist fight between Dr. Israel Millstone, city health commissioner of Gary, and Dr. H. W. Hosmer, was fought at the street entrance of the Gary University Club this afternoon, furnishing Broadway with an exciting spectacle which was well attended. Friends separated the two physicians while the fighting was fierce, robbing the crowd that hurriedly gathered of a contest that was worth a day's journey to see. There was a great demand for ringside seats.

## Round One—Blood!

The story told of the controversy is that Dr. Millstone came into the University Club of which he is not a member and refused to answer a challenge spoken by Dr. Hosmer who asked him where he was going. After repeating the question Hosmer ordered Dr. Millstone out of the place and when the unwelcome visitor departed followed him. It is claimed that Dr. Millstone called Hosmer a name, neither pretty or polite. They started fighting on the sidewalk and after a few preliminaries in which the men sent their fists into each others faces things began to liven up. Both fighters bled.

It was an opportune time for a camera man to happen along but none did.

## SPROAT TO LEAVE ON TRIP.

Hammond Lawyer to Have  
Extensive Journey.

E. G. Sproat, the attorney, is to leave Thursday for an extensive trip through the east from which he expects to return about the middle of August "broke but happy." The lawyer goes to his home town, Covington, O. Thursday to aid his parents in moving to Dayton and settling there. The next report in his itinerary is Washington, D. C. where he will attend the Eagles convention as a delegate from Hammond. From there he will go to Philadelphia and on to New York City where he has a \$50,000 estate to settle for a client of Logansport. Mr. Sproat will then negotiate Montreal, Canada, by way of Boston. At Montreal he is to attend the American Bar Association.

There are just two things that the attorney does not explain and they are: (1) why anybody should be broke after settling a \$50,000 estate and (2) how the American Bar Association ever took it into its head to go to Montreal. Other lawyers say this last is true but they can't tell you why.

## Return From Vacation.

Sargent Oscar Borchert and Officer Fred Hesterman of the Hammond police department returned this morning for duty, following a 15 days vacation. Upon their return Officer John Schaadt and Officer Trinen left for a 15 days furlough. It was heard at the central station this morning that "Boah" is going to put one over his friends during his vacation by stepping into the double harness and if true, the bride and he will receive a hearty welcome upon their return.

## HERE'S DIANA POSE IN RHYTHMETIC "BACK TO NATURE" SCHOOL FOR WOMEN

"Diana" at Sharon, Mass.  
In all the gauzy drapery of an ancient mythological goddess, she roams and dances in the woods, giving a startling trend to the "Back to Nature" movement among women, in all the arts, who have congregated at the Noyes School of Rhythmic Expression at Sharon, Mass. They engage in many such exercises calculated to give grace to the body.

## NEW BUILDINGS TO GO UP THERE

Hammond Architect Gets  
\$46,000 Worth of Orders  
From Indiana Harbor.

Mac Turner, the Hammond architect, has received a bundle of hurry-up orders from the Twin cities totaling \$46,000. The buildings he will draw are listed below:

**Indiana Harbor.**  
Meyer Barker, five stores, 2 flats, 2-story brick, Deodor street, \$18,000.  
Ivan Grievich, one story, 2 flat, brick, Deodor street, \$8,000.  
**East Chicago.**  
Peter Oswego, two stories, apartments, brick, Todd avenue, \$12,000.  
George Blosky, saloon, flat, 2 story brick, Alexander and 15th street, \$16,000.

A Gas Range does away with dirt—No Ind. Gas & Elec. Co.

## TEXAS SENATOR HAS NERVOUS COLLAPSE

Senator Culberson

Senator Culberson of Texas is in retirement because of a nervous breakdown. His physicians say he will not be able to take part in any of the deliberations of the special session. His vote, however, will not be lost to the Democrats as he is paired with Du Pont of Delaware, a Republican. Senator Culberson has expressed his hearty approval of the Underwood tariff bill in its present form.

## WEDDING DELAYED A DAY TO SAVE \$150

Economy postponed the marriage of George Gilman, a switchman of Hammond and Miss Sylvia Jones, eighteen, of Charleston, Ill. Gilman had furnished a home at 194 Plummer street, Hammond. As a marriage license in Indiana costs \$3, they came to Chicago and obtained the license for \$150. While they were hunting a minister, they met Policemen Downey and Morris who thought the girl might be under age and took them to the station. They convinced the police the girl was of age and then as it was late the police directed them to go to separate hotels for the night and be married today by Municipal Judge Sullivan in the police court, with detectives as witnesses.

## BELL'S HOUSE- KEEPER ABSENT AT INQUEST

The coroner's inquest into the death of Kossuth H. Bell, who shot himself through the head, was unexpectedly postponed yesterday. Absence of Mrs. A. Evans, "housekeeper" for Bell, caused the action by the coroner. The inquest is to be resumed Friday and subpoenas have been issued to compel attendance of Mrs. Evans. Mrs. Emma H. Bell, the widow, did not return to Chicago in time to attend the inquest. Two daughters of Bell, Mrs. Emily Brown and Mrs. Ira O. Jones, told of Bell's intimacy with Mrs. Evans.

## Was Good Week.

Professional real estate men are unanimous in saying that the last week was a good one in the number of transactions.

Gostlin Meyn and Company report the sale of 60 lots including the contract these sales involving property scattered all over the city. Kenwood which already is a demonstrated success as a high class residential district is attracting a substantial class of buyers. Among the latest to buy is Carl Neidow who intends to improve his holding with a fine modern residence. G. W. Yeazel, the building contractor, purchased four lots on which he intends to erect two modern residences to suit the prospective buyers and other deals for Kenwood property are about to be consummated.

## Back From Denver.

Dr. Henry C. Merz, returned from Denver last evening where during the past week he has been attending the session of the American Institute of Homoeopathy. The trip was made in a special car from Chicago where Dr. Merz accompanied 100 other physicians. Dr. Merz had considerable praise for the hospitality of the Denver physicians and accordingly had one of the most enjoyable times of his life.

## COMMITTEE WILL CALL ON GOVERNOR

City Attorneys and Architects Arrange  
to Protest on New  
Housing Law

A Lake county committee consisting of city attorneys and architects of local cities with Mayor Knotts of Gary included will call on Governor Ralston and State Health Secretary Hurty at Indianapolis some time this week to lay before them the hardships of the new state housing law and to see what can be done towards a liberal interpretation of the statute.

This committee was named yesterday at a conference of municipal officials and representatives of the building interests. The meeting was held at the Gary city hall, and the law was dissected by those who have studied it.

## Law Is Very Strict.

City Attorney Gavitt of Hammond, Curtis of Gary and Ottensmeyer of East Chicago, together with Architects J. T. Hutton of Hammond, Harry Warner of East Chicago and Charles Kendrick of Gary will serve on the committee.

The new law classifies as tenements all structures containing two families (Continued on Page 3.)

## News BULLETINS LIGHTNING STRIKES HOUSE

## BOARD TO MEET TONIGHT

A meeting of the Hammond board of education will be held tonight and matters of importance that have already been given wide publicity and some notoriety will be taken up with view to a final settlement. The disposal of the Central school property is necessary before the Manual training school can be erected and every effort is being made by the board to arrange for another sale in the near future. The rental of the Lincoln-Jefferson Law building may be arranged for tonight and the matter of temporary portable schools might possibly come up for discussion.

## Taken To Hospital.

A sick woman, refusing to divulge her name, was taken from the Hammond hotel this morning and removed to St. Margaret's hospital where she is under a physicians care. A man who was in her company and claiming to be her husband has disappeared. The woman claims that she lives at Muncie, Ind., and an effort is being made to locate them there.

## Trolley Wire Breaks.

A broken trolley wire on South Hohman street added to the excitement of the electrical storm late last night and is sputtering and electrical display attracted the attention of nearby residents. The street car company was notified and the wire was put in repair before any serious damage was done.

## Here On Vacation.

Floyd Murray, a young giant collegian of Earlham, is in Hammond for awhile during the summer vacation. Murray, none other than "Skidoo Murray" of high school lore, is preparing for law. He is correspondent for the Indianapolis News from his school.

## (Special to THE TIMES.)

Crown Point, Ind., July 15.—Crown Point was struck amid ships last evening by one of the worst storms in years, every element of nature turning on its guns to make the storm, while it lasted a memorable one. Wind attaining a fifty mile velocity, accompanied by blinding flashes of lightning and sheets of rain, combined to make the storm terrifying. While at its height, lightning struck in many places without damage, only one bolt doing any material harm. That struck the cornice on the residence occupied by Dr. Eleanor Scull, starting a blaze, which was soon extinguished by those responding to the call for help. The fire department was called out but their services were not needed. Dr. Scull and two children visiting her were in bed when the bolt struck the house but were luckily uninjured. Considerable damage was done to the interior of the residence, the lightning knocking off paper and plaster from the roof to basement on the corner where it struck. During the gale of wind an arc light situated on the corner of Court and Joliet street, blew down endangering traffic before the entire arc system on the West side was turned off. The damage was soon repaired however and the then much needed lights restored.

The service of the Gary & Southern road was put out of commission during the early hours of the storm and many passengers inconvenienced by the failure to run cars.

Considerable damage was also done to wires of the Crown Point Telephone Company and the electric light concern, but linemen from both companies worked like Trojans to keep the service in both instances in fairly good shape.

## EQUAL SUFFRAGE A MISTAKE, SHE SAYS

Lucy Price

Miss Lucy Price has come to be one of the country's principal opponents of woman suffrage. She first came to notice in Ohio when her clever work in the campaign against votes for women, had much to do with the proposal's defeat at the polls. Then anti-suffrage leaders imported her to Washington to Connecticut and to New York. She is scheduled now to do campaign work in various states where suffragets have brought their measure to an issue.
